- Remove contaminated clothing.
- Move to alternate location without common ventilation system to avoid fumes.
- Contact Local Office of Emergency Management.
- Use Material Safety Data Sheet.

**\*MEDIA PROCEDURE DURING EMERGENCY CRISIS\***

1. The only means to inform the general public is by the mass media (cable channel 3, 6, 10, radio, television, and newspaper). We must provide prompt and accurate information. Any misinformation can create confusion. Isolated quotes from individuals are usually incomplete or misleading and therefore, **MUST BE AVOIDED.**
2. The director/designee is the only person to report to the media.
3. Media are assigned to one location, preferably outside of the building.
4. The director/designee will be the spokesperson to the media.

## **\*NATURAL DISASTERS\***

### **\*EARTHQUAKES\***

#### **During the quake:**

If indoor, stay there.

1. Take cover under heavy furniture (desks, tables, and hold onto the legs of the furniture) or in the interior of doorways or narrow halls.
2. Cover eyes by leaning face against your arms.
3. Stay away from windows and beware of falling objects.

If outdoors:

1. Move away from the building, if possible.
2. Avoid utility poles and overhead wires.

If in a bus:

1. Driver should stop as quickly and safely as possible in open areas away from over-passes, road cuts, etc.
2. Stay in the bus.

After the quake:

1. Evacuate and move to open areas away from buildings.
2. Do not re-enter buildings until authorities have checked for possible structural damage, leaking gas lines, and other utility disruptions.
3. Take attendance to account for all children. Report to the director or designee.
4. Do not use any open flames (matches, candles, etc.) while in the buildings.
5. Listen to a radio, if available, for latest bulletins.
6. Use discretion in implementing early or late dismissal policy depending on communications from Local Office of Emergency Management (OEM), availability of transportation, damage to school buildings, residential areas, and open transportation routes.

## **\*FLOODS\***

When weather conditions indicate an area may be affected, local radio or television broadcasts are monitored by the director/designee. Prepare to:

- Implement center cancellation or late opening policy as per policy and instructions.
- Notify Local Office of Emergency Management of situation.
- Evacuate children to home or other evacuation area in accordance with established policy based on director and Local OEM communication.
- Notify parents via radio, television, telephone, and cable channel 3, 6, 10.

## **\*HURRICANES \***

Emergency Procedures or center cancellations are coordinated through the director/designee and Local OEM communications.

## **\*THUNDERSTORMS \***

- If outside, and lightening or thunder is seen or heard, move inside at once.
- During a thunderstorm or thunderstorm warning, consider the following for assessing safety of children and staff:
