ART	SCIENCE	BLOCKS	MUSIC	DRAMATIC PLAY	FINE MOTOR	LIBRARY
In art we have different art materials. We have paper, crayons, markers, play-dough with play-dough cutters, water paints, dotters, stamps, and stamps pads. The students are allowed to come here and be an artist to draw, paint or make their imagination come to life.	In science, students can explore different natural materials like a balance tool to weigh rocks and pretend bugs to see what weighs more. Magnifying glasses to look at leaves, sticks, and pinecones.	In blocks, we have foam blocks of various shapes as well cardboard, and wood blocks to build different buildings like a pet store or animal houses. We also can make roads and ramps to drive the cars on.	In Music, we will have a variety of instruments to explore like maracas, tambourines, rhythm sticks, xylophone, and bells! We can sing to our September themed songs on our CD player.	In dramatic play, we have variety of food and utensils. We have a menu to play pretend with. We can ask friends what they want to eat and make them food. We will be adding baby dolls as well to take care of.	In fine motor, we will be adding a variety of fine motor activities that involves using our fingers and hands. We have string and beads, puzzles, star connects, links, and more.	In our library there will be different books about school and fall themed. We also have paper and writing utensils to make our own books.
