

PARTNERS IN LEARNING, INC.

Teaching to the ♥ of What Matters Since 1999

Welcome
TO BACK TO SCHOOL NIGHT

Meet the Teacher

MS.
KRYSTYNA
(TEACHER)

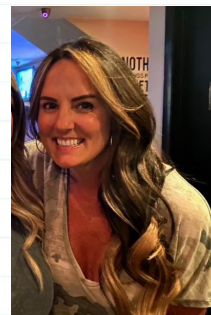

MS.
MADISON
(TEACHER'S
ASSISTANT)

MS.
COURTNEY
(ON-SITE DIRECTOR)

MS. NIKKI
(DIRECTOR OF GENERAL
EDUCATION PIL, MASTER
TEACHER. & PIRS)

Hi, I'm Your School Support Partner! ♥

Here to support our teachers, students, and families so every child can learn, grow, and feel they belong! ♥

Children do well when they feel known, valued, and supported! ♥

Meet My Sidekick!

A little extra happiness (and tail wags) to brighten our days! ♥

KINDER

BRIGHT
FUTURES

≧ How I Support Our School Community ≦

Teacher & Curriculum Support

- Support curriculum implementation
- Promote developmentally appropriate practices (DAP)
- Collaborate with teachers to create engaging, inclusive learning environments

Social-Emotional Development

- Work closely with teachers to support children's emotional growth
- Model and teach empathy, problem-solving, and emotion regulation
- Use proactive strategies to prevent challenges before they escalate

Classroom, Small Group & Individual Support

- Work with classroom groups and individual students
- Provide extra support in any area of development
- Offer targeted support when behaviors are becoming challenging

Creative & Personalized Strategies

- Use individualized social stories (like The Not-So-Friendly Friend)
- Incorporate music and movement activities
- Provide mini-lessons for older students on empathy, understanding emotions, and self-regulation
- Tailor strategies to meet each child's unique needs

Family Support

- Partner with families to share strategies for challenging behaviors
- Offer guidance and resources
- Help create consistency between home and school
- Always here to listen, problem-solve, and support your child's success

♥
Puppets help us talk about BIG feelings!

♥
Social stories help us practice real-life skills!

I'm so excited for a wonderful year together! ♥

SUPPORT ♥ CONNECT ♥ EMPOWER ♥ BELONG

what do children learn in a high quality preschool program?

- By playing and learning together, children build their social skills, language skills, and self control.
- With teacher support, children learn how to resolve conflict going on during play.
- Emotional Development lets your child understand their feelings and their friends feelings.
- Through assessment, teachers can better understand what each child knows and can do. This helps them decided which materials, activities and experiences to add to better help them learn.
- Building trusting relationships with families.

National Association for the Education of Young Children

Some basic facts:

- Our class will always have a teacher.
- School hours are 8:30am-3:30pm.
- Aftercare is available if needed.
- Children will eat lunch and afternoon snack each day. Parents are required to provide lunch. (school provides afternoon snack)
- Children will always go outside each day weather permitting.

Curriculum

KINDERGARTEN CURRICULUM

- MATH CENTERS
- WRITING CENTER – "SCRIBBLE SCRABBLE"
- GROUP ACTIVITIES
- SPECIALS

Curriculum

Math Centers: Children rotate through hands-on math activities that build early number skills, counting, patterns, shapes, sorting, comparing, and problem-solving. Activities use games and manipulatives to make math engaging while allowing children to practice skills at their individual level.

Curriculum

Writing Center – “Scribble Scrabble”: Children build early writing skills through drawing, scribbling, tracing, letter formation, and beginning writing activities. The focus is on strengthening fine-motor skills and helping each child become a confident, independent writer at their own developmental level.

Curriculum

Group Activities: Children participate in fun, interactive activities such as **Listening Lotto, Listen & Move, and following-direction games.** These activities strengthen listening, attention, following directions, body awareness, and participation in a group—all important skills for kindergarten learning.

Curriculum

Specials: Our Specials rotate throughout the year and include **Health & Wellness, Social Studies, Science, and Current Events.** These engaging lessons give students opportunities to explore the world around them, build healthy habits, learn about their community, ask questions, and discuss age-appropriate real-world topics.

Daily Schedule

8:30-8:50 Arrival

8:50- 9:25 Morning Meeting

9:25-9:35 Literacy Whole Group
