Dear Business Owner,

Partners in Learning is excited to announce Casino Night at the Races, our 19th Annual Fundraiser, April 24, 2026 at Masso's Orchard Garden Room in Glassboro, NJ. We invite you to be part of this special evening supporting inclusive education in our community.

This year, we are adding an exciting new element to our popular Casino Night — Horse Racing — creating a high-energy event featuring casino tables, races, food, drinks, and prizes. Proceeds from the event directly support Partners in Learning's mission of working with children with autism spectrum disorders and their families in the least restrictive natural environment. At Partners in Learning, we have served young children with autism spectrum disorders in the community since 1999. Our unique early intervention preschool centers offer individualized and inclusive therapy for children with this serious neurological condition. We are dedicated to creating places where all children can successfully learn and grow together.

We are currently seeking sponsors and prize donors to help make this event a success. Sponsorships provide meaningful visibility for your business through event signage, program recognition, social media promotion, and VIP event access. Prize donations play a vital role in creating an engaging experience for our guests while supporting a cause that truly makes a difference.

Donations can be mailed to Partners in Learning, Inc, Attention: Casino Night Fundraiser, 900 Route 168, Unit J-2, Turnersville, NJ 08012. To arrange a pickup, please call Lori or Kelley at 856-374-2821. All contributions are greatly appreciated, and Partners in Learning is a nonprofit organization; donations may be tax-deductible to the extent allowed by law.

We would be honored to partner with you for Casino Night at the Races and hope you will join us in celebrating 19 years of impact. Thank you for considering your support, and please feel free to contact us with any questions or to discuss opportunities.

With warm regards,

*Lori Lorenzetti*
