

Our Philosophy

At PIL, we believe preschoolers are best taught in a caring atmosphere rich with hands-on activities that make learning fun.

A child learns through play, especially when the setting builds confidence and the lessons are embedded with interesting and stimulating goals. Our goal is for every child to gain the needed social skills and pre-academic development to cultivate a lifetime of joy in learning!

1st Grade Students

6 Week Session

July 6th thru August
14th

Monday thru Friday
8:30am—3:30pm

Beforecare and
Aftercare hours per
availability

We are delighted to welcome you and your child to our summer fun program! We are thrilled to have your child with us for what is sure to be a fun-filled and memorable summer experience.

We understand that as parents, you have placed a great deal of trust in us, and we take this responsibility seriously. We encourage you to stay involved and engaged with your child's summer fun experience. Please don't hesitate to reach out to us if you have any questions or concerns. We welcome your feedback and suggestions as we work together to provide your child with the best possible summer experience. We look forward to welcoming your child up into a "Hot Air Balloon Summer" and to making this summer an unforgettable one. We can hardly wait for the fun to begin!

Up Up and Imagine

Floating Over Space Week 1 (7/6 - 7/10)

Children travel in a magical hot air balloon to new imaginary places each week. This week, they ride their balloon into the sky and "beyond the clouds" to explore the sun, moon, stars, and planets.

Floating over Dinosaur Domain Week 2 (7/13 - 7/17)

The balloon lands in a prehistoric world full of roaring dinosaurs and exciting discoveries! Children become paleontologists, digging for fossils, learning about different dinosaur sizes, and moving like their favorite dinos.

Floating over Fairy and Troll Garden Week 3 (7/20 - 7/24)

Enter a magical garden where fairies flutter, trolls live under bridges, and tiny houses hide among the flowers. Children use imagination and social skills to create stories, build fairy homes, and solve gentle problems together.

Floating over the Jungle Week 4 (7/27 - 7/31)

Soar above the treetops and discover a jungle filled with monkeys, parrots, tigers, and more! Children explore animal habitats, move like jungle creatures, and listen for sounds from the rainforest below.

Floating over Pirate Island Week 5 (8/3 - 8/7)

Ahoy, mateys! The balloon drifts toward a treasure-filled island where children become pirates, map readers, and brave explorers. Working together to follow clues and search for treasure, children practice problem-solving, communication, and teamwork.

Floating over Ocean Blue Week 6 (8/10 - 8/14) Soar high in the hot air balloon over sparkling blue waters, discovering the wonders of the ocean below.

Children pretend to be pilots and explorers, spotting whales, dolphins, and colorful fish from the sky before "landing" to dive into sensory ocean play.
