## What We're Learning...

We recently started the clothing study! So far we have learned about the features of clothes, how to take care of our clothes, how people make clothes, and we recently just started talking about how cloth is made. In the upcoming weeks we take a look at where we get our clothes, and what special clothes people wear to work.

We also have been focusing a lot on our social emotional lessons and incorporating them into our everyday lives! We've been focusing a lot on our feelings and expressing them when feeling those strong emotions.

It's been a wonderful year with your child so far! Wishing you and your family the happiest holiday and we will see you in new year!
